

The All-in-One Hospitality Command Center

Replacing 6+ fragmented subscriptions with a unified, real-time operating system for luxury venues, restaurants, bars, and event spaces.

AI Autopilot & Search

Natural language AI queries, invoice vision parsing, and AI schedule auto-generation.

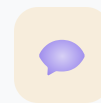

Operations Command

Multi-stage event execution timelines, incident alerts, and photo-verified checklists.

Integrations Suite

Native POS sync (Toast, Square), 3rd party booking webhooks, and CRM lead capture.

Live Chat & i18n

Auto-created role/shift channels with bilingual English/Spanish interface.
